

PulseEDU

One school operations app — running every part of the building

What it is

PulseEDU brings the day-to-day systems a K-12 school already runs — hall pass, PBIS, safety plans, MTSS, parent communications, dismissal, digital signage, dashboards — into one role-aware, multi-tenant platform. Schools stop juggling 6–10 single-purpose vendors. Districts get rolled-up visibility without spreadsheet stitching.

What's included

Hall Pass

Live queue, per-teacher allowlists, period-aware auto-reset, signage tile.

Digital Signage

Per-TV playlists: media + live tiles (house standings, hall passes, Heartbeat).

PBIS Hub + Stores

Point tracking, Spotlight reveal, Classroom Store + school-wide School Store.

Safety Plans

Per-student behavioral / physical checklists with library, audit log, role gating.

MTSS Plans (T2/T3)

Goal setting, weekly progress monitoring, strategy categories, completion reports.

Parent Portal

Secure parent view of HeartBEAT — admin-managed invites, sibling switching, PDF export.

Parent Pickup

Curb keypad, walker gate, tag admin (bulk print + QR), 'still on campus' tile.

Insights Dashboards

Engagement, Behavior, Academics, SEB/SEL, Equity, Early Warning — with drill-down.

Teacher Roster

FAST scores, ESE/504/ELL flags, active plans, safety-plan indicators per student.

Data Importer

CSV upload !' preview !' commit !' rollback for rosters, assessments, behavior.

Investigations + ISS

Case management with statements, AI consistency check, ISS dashboard + reporting.

Admin + Tenancy

Multi-school SuperUser, district rollups, onboard-a-school wizard, feature licensing.

Why schools pick it

- One login replaces 6–10 single-purpose tools.
- Multi-tenant: every record is scoped to a school; districts roll up.
- Role-aware sidebar: staff only see what they're entitled to.
- Onboarding checklist auto-detects most setup steps.
- Built-in importer + rollback keeps roster data clean.
- Generated user guides (Teacher, Core Team, Demo) ship with the product.

Next step

Book a 30-minute demo. We walk Hall Pass !' PBIS !' Pickup !' MTSS !' Insights in the order that fits your building. Onboarding finishes in two short sessions; roster import is reversible.
