

Pre-Demo Feature Preview

PulseEDU — features available to showcase in your upcoming district demo

This preview outlines the PulseEDU tools we can demonstrate. Please check the “Priority for our demo” box beside the features your team most wants to see, then return this document. We’ll tailor the live walkthrough to your selections.

FEATURES (15)

1

Teacher Roster

A per-teacher class view showing each student's FAST progress-monitoring scores, learning-gain progress, and key flags (ESE / 504 / ELL, accommodations, safety plans) in one place — the whole child at a glance.

☐ Priority for our demo

2

Hall Passes & Tardy Passes

A student self-serve kiosk for hall passes with a period-aware waiting queue, keep-apart and daily limits, plus tardy tracking — giving staff real-time visibility into who is out of class and why.

☐ Priority for our demo

3

School Tours

A public, bilingual brag page and tour-request pipeline for prospective families, with guided live-walk capture and follow-up tracking to turn interest into enrollment.

☐ Priority for our demo

4

Staff Time — AST & Comp Time

A digital ledger for staff to earn and use Alternate Schedule Time and comp time, with admin approval and pending-request dashboards — replacing paper sign-offs for non-contract hours.

☐ Priority for our demo

5

ODRs & Classroom Behavior Tracking

Digital Office Discipline Referrals and investigations alongside Tier 1 / Tier 2 classroom behavior logging — surfacing behavior trends for consistent, documented follow-through.

☐ Priority for our demo

6

PBIS Hub & Store

Schoolwide positive-behavior point tracking and student recognition, redeemable in a classroom reward store — making it easy to reinforce and celebrate good behavior.

☐ Priority for our demo

7

House Rankings

Live house and team standings that turn schoolwide PBIS points into friendly competition, displayed on signage to build culture and belonging.

☐ Priority for our demo

8

Digital Signage

Per-screen playlists (image / video / PDF) with scheduling, house standings, and live remote control to drive every TV on campus from one place.

☐ Priority for our demo

9

Eligibility Hub

A central dashboard to monitor student eligibility for sports and clubs based on attendance and conduct, so coaches and admins quickly see who is cleared to participate.

☐ Priority for our demo

10

MTSS — Tier 2 & 3 (Academic + Behavior)

End-to-end intervention plan tracking for behavior and academics (ELA & math), with goal-setting, weekly progress monitoring, and data-driven suggestions for which students need Tier 2 / Tier 3 support.

☐ **Priority for our demo**

11

Standards Coverage Reports

Reports showing which ELA and math B.E.S.T. standards have been taught across classrooms — helping leaders ensure curriculum fidelity and target re-teaching.

☐ **Priority for our demo**

12

School Store

A schoolwide reward catalog (separate from classroom stores) managed by admins and PBIS coordinators, giving students bigger-ticket goals to work toward.

☐ **Priority for our demo**

13

Class Sign-In Attendance

A kiosk where students scan into class, giving teachers an instant roll-call of who is present in each room — strengthening accountability and campus safety.

☐ **Priority for our demo**

14

Pulse DNA Studio

A browser-based recording studio with a built-in teleprompter for staff to quickly produce polished, parent-facing video updates and student learning clips.

☐ **Priority for our demo**

15

Parent HeartBEAT

A personalized weekly report (email + portal) that pulls PBIS points, attendance, hall passes, accommodations, and teacher notes into one Friday snapshot for families.
