Recommended order

- 0 !' Prep & login smoke
- 1 !' Shell navigation
- 2–3 !' Hall Passes + Kiosk (highest priority)
- 4–6 !' Daily ops, roster, benchmarks
- 7–8 !' Interventions, insights, PBIS
- 9 !' Settings tiles (admin)
- 10 !' Standalone URLs
- 11 !' Cross-cutting sign-off

Contents

0. Before You Start

- PRE-01 Environment & accounts
- PRE-02 Login smoke test

1. App Shell & Navigation

- SHELL-01 Sidebar — every visible item opens
- SHELL-02 School switcher (if applicable)

2. Hall Passes (Staff App)

- HP-01 Create a one-way hall pass
- HP-02 End pass from staff app
- HP-03 Teacher kiosk settings (gear)
- HP-04 Hall Pass reports (admin)

3. Hall Pass Kiosk (/kiosk)

- KIOSK-01 Activate kiosk
- KIOSK-02 Student creates pass on kiosk
- KIOSK-03 Restroom queue — Get in line
- KIOSK-04 Restroom — Go now (line bypass)
- KIOSK-05 Heading here — destination check-in
- KIOSK-06 I'm back (round-trip / restroom return)

4. Tardy Pass & PBIS Points

- TARDY-01 Log a tardy
- PBIS-01 Award PBIS points
- PBIS-02 House Rankings page

5. Family Communication & PulseDNA

- FC-01 Family Communication hub
- DNA-01 PulseDNA profile
- DNA-02 Generate AI draft
- DNA-03 Record PulseDNA video

6. Teacher Roster & Benchmarks

- ROSTER-01 Roster search & student row
- BENCH-01 Benchmarks heatmap headers
- BENCH-02 Log instruction !' counter increment
- PWP-01 Partnering with Parents — upload & camera

7. Interventions, MTSS & Behavior

- INT-01 Request Pullout
- INT-02 Verify Pullouts

INT-03 Log Intervention
MTSS-01 MTSS Plans & reports
ISS-01 ISS Dashboard

8. Insights, PBIS Hub & School Store

INS-01 Insights / Watchlist
HUB-01 PBIS Hub — Needs Attention
STORE-01 School Store

9. Settings (Admin)

SET-01 Kiosk Setup
SET-02 Locations & allowlists
SET-03 Bell schedule
SET-04 Displays
SET-05 Student ID Badges
SET-06 e-Sign
SET-07 Parent Pick-Up
SET-08 School Features & branding
SET-09 Staff & Roles

10. Standalone Routes

URL-01 /parent — Parent portal
URL-02 /tour — School tours
URL-03 /scan — Event tickets
URL-04 /sms-policy
URL-05 Forgot password

11. Cross-Cutting & Sign-Off

X-01 Upload paths
X-02 Print / PDF exports
X-03 Mobile width
DONE Definition of done

0. Before You Start

Complete this section once before module testing. Keep Chrome DevTools open (Network + Console) for every test.

PRE-01 Environment & accounts

Role: You (tester)

Go to: Production URL: <https://pulseedu.pulsekinetics.us>

- 1. Hard-refresh the browser (Cmd+Shift+R / Ctrl+Shift+R).**
Expected: Latest deployed client assets load; no stale JS errors in Console.
- 2. Confirm three test personas exist: Teacher, Admin/Core Team, and one specialist (Behavior, MTSS, or ESE) if licensed.**
Expected: Each can sign in without 500 errors on first dashboard load.
- 3. Open DevTools !' Network !' filter Failed.**
Expected: No burst of red requests immediately after login.
- 4. Open a bug log (spreadsheet or doc). Columns: ID | Module | Role | Steps | Expected | Actual | Severity.**
Expected: Ready to record failures as you go.

Result: ☐ Pass ☐ Fail Notes: _____

PRE-02 Login smoke test

Role: Any staff

Go to: / (root) !' sign-in screen

- 1. Enter staff email + password !' Sign in.**
Expected: Dashboard loads; school name visible; left sidebar renders with at least Hall Passes.
- 2. Check Console for uncaught errors.**
Expected: No "t.map is not a function" or blank white screen.
- 3. Sign out (profile/menu) !' sign in again.**
Expected: Session clears and re-authenticates cleanly.

Result: ☐ Pass ☐ Fail Notes: _____

1. App Shell & Navigation

SHELL-01 Sidebar — every visible item opens

Role: Teacher (repeat as Admin)

Go to: Left sidebar after login

1. **Click each sidebar item visible to this role, one at a time.**

Expected: Each opens a real page (not blank). No dead-click into empty FeatureGate.

2. **Return to Hall Passes.**

Expected: Default daily-ops landing works.

Result: ☐ Pass ☐ Fail Notes: _____

SHELL-02 School switcher (if applicable)

Role: SuperUser or District Admin only

Go to: Top bar !' school name / switcher

1. **Switch to a different school in the district.**

Expected: All data refreshes for the new school context.

2. **Switch back to the test school.**

Expected: Original school data restored.

Result: ☐ Pass ☐ Fail Notes: _____

2. Hall Passes (Staff App)

HP-01 Create a one-way hall pass

Role: Teacher or Admin

Go to: Sidebar !' Hall Passes

Prereq: Know a valid student Local SIS ID and a non-restroom destination.

1. Click "+ Create Pass".

Expected: Create Pass modal opens.

2. Enter student ID, pick origin room, pick destination, submit.

Expected: If off-allowlist destination: contact-ack prompt appears; acknowledge if required.

3. Confirm pass created.

Expected: Student appears in "Out Right Now" with time-status color (not error).

Also verify:

- Pass shows correct destination and student name.
- Filter "Mine & heading to me" includes pass you created (green stripe).

Result: ☐ Pass ☐ Fail Notes: _____

HP-02 End pass from staff app

Role: Teacher or Admin

Go to: Hall Passes !' Out Right Now

Prereq: HP-01 active pass exists.

1. End or check in the active pass from the staff UI.

Expected: Pass leaves Active list; moves to ended/history as designed.

Result: ☐ Pass ☐ Fail Notes: _____

HP-03 Teacher kiosk settings (gear)

Role: Teacher

Go to: Hall Passes !' gear icon (left of Create Pass)

1. Open gear !' tab "Get kiosk URL".

Expected: Kiosk URL shown with Copy URL and Open buttons.

2. Click "Generate a new code".

Expected: QR code + 6-digit PIN appear (no server error). Old code invalidated.

3. Scan QR with phone.

Expected: Phone opens /kiosk-code mirror page with activation QR.

Result: ☐ Pass ☐ Fail Notes: _____

HP-04 Hall Pass reports (admin)

Role: Admin, SuperUser, or ESE Coordinator

Go to: Hall Passes !' Reports tab

1. Open Reports hub !' Overview.

Expected: Metrics/charts load without 500.

2. Open Daily / YTD / Research report.

Expected: Each report renders data or empty-state (not blank page).

Result: ☐ Pass ☐ Fail Notes: _____

3. Hall Pass Kiosk (/kiosk)

Open /kiosk in a separate browser tab or Chromebook. Requires two rooms for full arrival test.

KIOSK-01 Activate kiosk

Role: Teacher

Go to: <https://pulseedu.pulsekinetics.us/kiosk>

Prereq: Fresh code from HP-03 or printed activation card.

1. **Tab "Use this camera" !' scan phone /kiosk-code QR (or enter 6-digit PIN).**

Expected: Room confirmation screen !' kiosk activates.

2. **Confirm room matches teacher default room.**

Expected: Live kiosk: room title, date/time, student ID field, "Get Pass" flow.

Result: ☐ Pass ☐ Fail Notes: _____

KIOSK-02 Student creates pass on kiosk

Role: Kiosk (origin room)

Go to: Activated /kiosk

1. **Enter student Local SIS ID (or tap camera !' scan badge).**

Expected: Student resolves; destination dropdown enabled.

2. **Select non-restroom destination !' "Get Pass".**

Expected: Green success screen + countdown timer starts.

Also verify:

- Origin kiosk may show center "In route" card for that student.

Result: ☐ Pass ☐ Fail Notes: _____

KIOSK-03 Restroom queue — Get in line

Role: Kiosk (origin room)

Go to: Activated /kiosk !' right edge queue strip

Prereq: Restroom destination configured for this room.

1. **Click "Get in line" on right rail !' enter student ID !' add.**

Expected: Student appears in queue list with position number.

2. **Previous student taps I'm back (if applicable).**

Expected: "Next up" prompt or auto-advance for queued student.

Result: ☐ Pass ☐ Fail Notes: _____

KIOSK-04 Restroom — Go now (line bypass)

Role: Kiosk

Go to: Right rail !' Go now

1. **Go now !' pick non-restroom destination !' scan/enter student.**

Expected: Immediate pass created; bypasses queue.

Result: ☐ Pass ☐ Fail Notes: _____

KIOSK-05 Heading here — destination check-in

Role: Kiosk (destination room)

Go to: Second /kiosk activated in DESTINATION room

Prereq: Active one-way pass from KIOSK-02 headed to this room (not restroom).

1. **Wait up to 10s (queue poll) on destination kiosk.**

Expected: Left rail "HEADING HERE" appears with student name chip.

2. **Student taps their name chip.**

Expected: Badge-scan confirm overlay opens (does NOT end pass on tap alone).

3. **Scan matching student badge !' confirm.**

Expected: Green "Checked in [name]" banner; chip disappears from left rail; pass ended.

Result: ☐ Pass ☐ Fail Notes: _____

KIOSK-06 I'm back (round-trip / restroom return)

Role: Kiosk (origin room)

Go to: Origin /kiosk with active pass on this device

1. Switch mode to return / tap "I'm back" on timer screen.

Expected: Scan or enter ID !' pass ends; timer clears.

Result: ☐ Pass ☐ Fail Notes: _____

4. Tardy Pass & PBIS Points

TARDY-01 Log a tardy

Role: Teacher

Go to: Sidebar !' Tardy Pass

1. **Select student + period !' submit.**

Expected: Tardy saved; confirmation or list update.

Result: ☐ Pass ☐ Fail Notes: _____

PBIS-01 Award PBIS points

Role: Teacher

Go to: Sidebar !' PBIS Points

1. **Pick student !' select reason !' award points.**

Expected: Points recorded; student/house totals update if visible.

Result: ☐ Pass ☐ Fail Notes: _____

PBIS-02 House Rankings page

Role: Any staff with PBIS nav

Go to: Sidebar !' House Rankings (under PBIS group)

1. **Open House Rankings.**

Expected: Standings page renders (not blank); houses listed.

Result: ☐ Pass ☐ Fail Notes: _____

5. Family Communication & PulseDNA

FC-01 Family Communication hub

Role: Staff with Family Comm access

Go to: Sidebar !' Family Communication

1. Open section; browse student list or messages.

Expected: Page loads; student data visible (Local SIS ID, not internal IDs).

Result: ☐ Pass ☐ Fail Notes: _____

DNA-01 PulseDNA profile

Role: Core Team + Family Comm license

Go to: Family Communication !' PulseDNA / studio area

1. Load or paste school communication profile !' Save.

Expected: Profile persists on reload.

Result: ☐ Pass ☐ Fail Notes: _____

DNA-02 Generate AI draft

Role: Core Team

Go to: PulseDNA Studio !' Generate draft

Prereq: Anthropic API key funded on server.

1. Enter rough idea + output type !' Generate.

Expected: Draft text returns in UI (not 502). Error message clear if billing issue.

Result: ☐ Pass ☐ Fail Notes: _____

DNA-03 Record PulseDNA video

Role: Core Team

Go to: Open /studio in new tab from recording button

1. Allow camera/mic !' record short clip !' save.

Expected: Video attaches to PulseDNA workflow without opening file picker for camera.

Result: ☐ Pass ☐ Fail Notes: _____

6. Teacher Roster & Benchmarks

ROSTER-01 Roster search & student row

Role: Teacher

Go to: Sidebar !' Teacher Roster

1. Search for a student by name or ID.

Expected: Matching row appears; opens detail on click.

Result: ☐ Pass ☐ Fail Notes: _____

BENCH-01 Benchmarks heatmap headers

Role: Teacher

Go to: Teacher Roster !' Benchmarks tab

1. Scroll heatmap horizontally and vertically.

Expected: Category column headers stay visible (not hidden behind cells).

2. Click category header to expand/collapse.

Expected: Benchmark columns show/hide; layout intact.

Result: ☐ Pass ☐ Fail Notes: _____

BENCH-02 Log instruction !' counter increment

Role: Teacher

Go to: Teacher Roster !' Instruction Log tab

1. Log instruction for a benchmark (student + benchmark + save).

Expected: Entry saved without error.

2. Return to Benchmarks tab !' find same benchmark column.

Expected: Purple star / delivery count increased by 1.

Also verify:

- Export Fast Benchmarks PDF — diagonal headers readable.

Result: ☐ Pass ☐ Fail Notes: _____

PWP-01 Partnering with Parents — upload & camera

Role: Core Team / licensed

Go to: Sidebar !' Partnering with Parents (if visible)

1. Add evidence !' Attach file !' pick document.

Expected: File uploads and appears in list.

2. Add evidence !' Take photo.

Expected: Browser camera opens (not Finder/file picker). Capture attaches photo.

Result: ☐ Pass ☐ Fail Notes: _____

7. Interventions, MTSS & Behavior

INT-01 Request Pullout

Role: Teacher

Go to: Sidebar !' Request Pullout

1. Submit pullout request for a student.

Expected: Request queued; confirmation shown.

Result: ☐ Pass ☐ Fail Notes: _____

INT-02 Verify Pullouts

Role: Admin / specialist with verify cap

Go to: Sidebar !' Verify Pullouts (or Quick Access)

1. Open pending request !' verify / acknowledge.

Expected: Status updates; MTSS acknowledgment gate works if configured.

Result: ☐ Pass ☐ Fail Notes: _____

INT-03 Log Intervention

Role: Teacher

Go to: Sidebar !' Log Intervention

1. Log intervention for a student !' save.

Expected: Appears under My Interventions.

Result: ☐ Pass ☐ Fail Notes: _____

MTSS-01 MTSS Plans & reports

Role: MTSS Coordinator / Core Team

Go to: Sidebar !' MTSS Plans or MTSS Coordinator hub

1. Open active plan !' view weekly log.

Expected: Plan data loads; T3 academic minutes display if applicable.

2. Open MTSS reports.

Expected: Charts/tables render (not blank AVG SCORE / 0% with no data).

Result: ☐ Pass ☐ Fail Notes: _____

ISS-01 ISS Dashboard

Role: Staff with ISS access

Go to: Sidebar !' ISS Dashboard

1. Open dashboard !' view today's roster.

Expected: Seat capacity and student list load.

Result: ☐ Pass ☐ Fail Notes: _____

8. Insights, PBIS Hub & School Store

INS-01 Insights / Watchlist

Role: Admin / dean / specialist

Go to: Sidebar !' Insights or Watchlist Hub

1. Open watchlist !' click a student.

Expected: Student profile drilldown loads.

Result: ☐ Pass ☐ Fail Notes: _____

HUB-01 PBIS Hub — Needs Attention

Role: PBIS Coordinator / admin

Go to: Sidebar !' PBIS Hub

1. Open Needs Attention panel.

Expected: Alerts load per configured thresholds (invisible student tiers, etc.).

Result: ☐ Pass ☐ Fail Notes: _____

STORE-01 School Store

Role: Teacher + admin

Go to: Sidebar !' School Store

1. Teacher: browse catalog !' redeem item for student (if points).

Expected: Transaction completes or shows clear insufficient-points message.

2. Admin: manage store items (if cap allows).

Expected: CRUD on items works.

Result: ☐ Pass ☐ Fail Notes: _____

9. Settings (Admin)

Sidebar !' Settings !' click each tile below that applies to this school.

SET-01 Kiosk Setup

Role: Admin

Go to: Settings !' Kiosk Setup

1. **Verify kiosk URL copies; review rooms + teacher room assignments.**

Expected: Rooms list populated; teacher rows have room dropdowns.

2. **Generate / print activation card for one teacher (optional).**

Expected: PDF generates without error.

Result: ☐ Pass ☐ Fail Notes: _____

SET-02 Locations & allowlists

Role: Admin

Go to: Settings !' Locations + Allowed Locations per Teacher

1. **Open Locations !' confirm origin/destination pairings.**

Expected: Student-visible destinations exist for test rooms.

2. **Open teacher allowlist !' save one teacher's destinations.**

Expected: Kiosk destination list reflects change after refresh.

Result: ☐ Pass ☐ Fail Notes: _____

SET-03 Bell schedule

Role: Admin

Go to: Settings !' School Bell Schedule

1. **Open default schedule !' view periods.**

Expected: Periods listed; kiosk queue period reset tied to schedule.

Result: ☐ Pass ☐ Fail Notes: _____

SET-04 Displays

Role: Admin

Go to: Sidebar !' Displays OR Settings !' Signage

1. **Create new display !' upload image/slide !' save playlist.**

Expected: Upload succeeds; preview/slideshow shows new content.

2. **Open /signage player URL.**

Expected: Slideshow plays on signage route.

Result: ☐ Pass ☐ Fail Notes: _____

SET-05 Student ID Badges

Role: Admin

Go to: Settings !' Student ID Badges

1. **Generate badge PDF for a grade or sample students.**

Expected: PDF downloads with QR + Local SIS ID (no FLEID on face).

Result: ☐ Pass ☐ Fail Notes: _____

SET-06 e-Sign

Role: Admin with e-sign cap

Go to: Settings !' Document e-Sign

1. **Upload document !' create signing link.**

Expected: Link copies; opens public /sign/<token> page.

2. **Complete signature on public page.**

Expected: Signed copy stored; no CSRF block on public route.

Result: ☐ Pass ☐ Fail Notes: _____

SET-07 Parent Pick-Up

Role: Admin

Go to: Settings !' Parent Pick-Up

1. Copy curb / walker kiosk URLs.

Expected: URLs open /pickup routes.

2. Test lookup with a valid pickup code on /pickup.

Expected: Student authorized/not authorized message displays correctly.

Result: ☐ Pass ☐ Fail Notes: _____

SET-08 School Features & branding

Role: Admin

Go to: Settings !' School Features + Branding

1. Toggle one feature off !' check sidebar.

Expected: Matching nav item hidden for all users including admin.

2. Toggle back on; update branding color/logo !' save.

Expected: Masthead/kiosk branding updates after refresh.

Result: ☐ Pass ☐ Fail Notes: _____

SET-09 Staff & Roles

Role: Admin

Go to: Sidebar !' Staff & Roles

1. Open matrix !' toggle one capability for a test user !' save.

Expected: Test user sees/loses matching nav item on re-login.

Result: ☐ Pass ☐ Fail Notes: _____

10. Standalone Routes

Test each URL directly in a browser tab (separate from main App.tsx shell).

URL-01 /parent — Parent portal

Role: Parent (magic link)

Go to: /parent

1. Open parent invite link !' sign in.

Expected: Heartbeat snapshot loads for linked student(s).

Result: ☐ Pass ☐ Fail Notes: _____

URL-02 /tour — School tours

Role: Public

Go to: /tour

1. Submit tour request form.

Expected: Confirmation; request appears in admin tour pipeline.

Result: ☐ Pass ☐ Fail Notes: _____

URL-03 /scan — Event tickets

Role: Staff or volunteer link

Go to: /scan or /scan/<linkToken>

1. Scan or enter ticket QR.

Expected: Valid/invalid/admitted status shown.

Result: ☐ Pass ☐ Fail Notes: _____

URL-04 /sms-policy

Role: Public

Go to: /sms-policy

1. Page loads for AWS SNS toll-free registration.

Expected: Opt-in policy text renders.

Result: ☐ Pass ☐ Fail Notes: _____

URL-05 Forgot password

Role: Staff

Go to: /forgot-password

1. Submit registered email.

Expected: Success message (or email sent); no 500.

Result: ☐ Pass ☐ Fail Notes: _____

11. Cross-Cutting & Sign-Off

X-01 Upload paths

Role: Admin

Go to: Displays, evidence, photos, e-sign

1. Upload image/PDF in each module used by the school.

Expected: All uploads succeed on production storage (no 403/502).

Result: ☐ Pass ☐ Fail Notes: _____

X-02 Print / PDF exports

Role: Various

Go to: Badges, benchmarks, onboarding, reports

1. Trigger each PDF/print action once.

Expected: PDF opens or downloads; layout not clipped.

Result: ☐ Pass ☐ Fail Notes: _____

X-03 Mobile width

Role: Teacher

Go to: Hall Passes + Create Pass modal

1. Resize browser to phone width (~390px).

Expected: Create Pass CTA and modals usable without horizontal scroll break.

Result: ☐ Pass ☐ Fail Notes: _____

DONE Definition of done

Role: You (tester)

Go to: —

1. All P0/P1 bugs logged with steps + Network response.

Expected: Fixes deployed or documented as known issues before client handoff.

2. Retest every failed case after deploy.

Expected: Pass recorded in bug log.

3. Phase 2 (Hall Pass + Kiosk) and Phase 6 (Benchmarks) must pass.

Expected: Conference-critical paths green.

Result: ☐ Pass ☐ Fail Notes: _____
